

THE TARGETED ACCOUNTING ECOSYSTEM

Recently, Targeted Accounting showcased our new Cloud Ecosystem. We have researched and expirimented with 5 new apps that work with QBO, and are happy to share them with our clients. If you think your business may need one of these apps, ask Targeted Accounting to help you see if it is right for you. If you would like to move from your desktop program to QBO, let us know as it is a simple process from QB desktop or SAGE.

Did you know...

That you can receive payments right in QBO for your sales invoices into your Canadian bank accounts? If you are using a web browser, you could accept the payment by credit card in QBO. If you are using the QBO Mobile app, you simply email your client the invoice, they select the option to pay your bill, and to enter their credit card information.

QuickBooks Online Tips & Tricks

QBO TIP / How To

QBO has the option to share reports. However you can not share the report with specific users. The option is to share **ALL** or share **NONE**. [Click here for instructions on how to share reports](#). We recommend giving feedback to Intuit by using the feedback link in your QBO and ask them to change the option to allow individual users to see the reports. The more users request the change, the more likely a change will be implemented.

TECH TALK

[InvoiceSherpa.com](#) is a QB ProAdvisor pick we would like to mention this month. It is an Accounts Receivable platform with integrated payment solutions that will synchronize with your QBO file. This app will send out the initial invoice, automatically sends late payment reminders, auto-collects from your customers and deposits the payment directly into your bank account. As a result it will keep your collections up to date for you and increase your cash flow.

[Funding and Taxation Experts](#), is a group of professionals that help businesses maximize a Canadian Tax Recovery, be it Customs Duty, Hiring and Training Grants, and even apprenticeship tax incentives. With offices across the country, Fairtax can provide their expertise for all provinces.

SHARE

As always we entertain any ideas or suggestions you have to share. Please email Susie ssacco@targetedaccounting.com.

BOOKKEEPERS NEEDED

We are very busy and are very much in need of more bookkeepers pretty much everywhere. Even if you know someone in a different city or province please connect us to see if we can bring them on board.
